## Public Hearing to Consider the Proposed Advanced Clean Trucks Regulation and Final Environmental Analysis Prepared for the Regulation

---

The California Air Resources Board (CARB or Board) will conduct a public hearing at the time and place noted below to consider approving for adoption the proposed Advanced Clean Trucks Regulation. This is the second of two Board hearings on this item. The Board will consider certifying the Final Environmental Analysis, approving staff's Response to Comments on the Draft Environmental Analysis, and adopting the finalized regulation and amendments.

DATE: June 25, 2020

TIME: 9:00 a.m.

Please see the Public Agenda for the meeting location and/or any appropriate direction regarding a possible remote-only Board Hearing; the agenda will be posted ten days before the June 25, 2020, Board Hearing.

Prior to the public hearing, CARB staff will release the Final Environmental Analysis and its Response to Comments on the Draft Environmental Analysis for

the proposed regulation, pursuant to the California Environmental Quality Act (CEQA). Once released, these documents will be posted on the [Advanced Clean Trucks Rulemaking webpage](#).

---

Copies of the Final Environmental Analysis and the Response to Comments on the Draft Environmental Analysis (released prior to the Board hearing) will also be available, upon request, at:

CARB's Public Information Office  
1001 I Street, First Floor, Environmental Service Center  
Sacramento, California, 95814

Please consult the agenda for the hearing, which is available at the following link ten days prior to the June 25, 2020, Board Hearing, for more information.

## Board Meeting Agenda

---

### Background

At the first Board hearing on this item, which took place on December 12, 2019, staff presented the original proposal. Following the public hearing, staff continued to work with stakeholders per the Board direction and made further changes to the proposal through a 30-day change process which had a public comment period that began on April 28, 2020, and ended on May 28, 2020. Since the first hearing, staff also finalized the Environmental Analysis for the proposal.

At the upcoming public hearing, CARB staff will present the Final Regulation Order, Final Environmental Analysis, Response to Comments on the Draft Environmental Analysis, and Proposed Resolution.

Inquiries concerning the substance of the proposed regulatory action may be directed to the agency representative Craig Duehring, Manager, In-Use Control Measures Section, at (916) 323-2361 or (designated back-up contact) Paul Arneja, Air Resources Engineer, at (916) 322-5616.

The Notice and Initial Statement of Reasons, released October 22, 2019, and all subsequent regulatory documents are available on the [Advanced Clean Trucks Rulemaking webpage](#).

### CLEARING CALIFORNIA SKIES FOR 50 YEARS

CARB is the lead agency for California's fight against climate change, and oversees all air pollution control efforts in the state to attain and maintain health-based air quality standards. Learn more at [www.arb.ca.gov](http://www.arb.ca.gov).
